Professional Summary

Motivated Computer Science student with strong skills in Python, Front-End development, and AI&ML. Passionate about building intelligent systems and solving real-world problems through software and data-driven technologies.

Education

2022-2026 Ghatkesar, Telangana, India	Bachelor of Technology in Computer Science and Engineering <i>Samskruti college of Engineering and Technology</i> CGPA-7.9
2020-2022 Cherial, Siddipet, Telangana, India	Intermediate (MPC) <i>Sumithra junior college</i> Percentage:84.1%

Technical Skills

- **Languages:** Python, Front-end Development
- **Tools/platforms:** Google Colab, Git, MS Office
- **Soft skills:** problem-solving, Communication, Team and Collaboration, Time Management

Work Experience

Crop Prediction Using Machine Learning Built a machine learning-based crop prediction system using Random Forest, Decision Tree, and SVM to recommend suitable crops from soil and environmental parameters. The system supports data-driven farming to improve yield, reduce risk, and optimize resource use for sustainable agriculture.	01/2025
Accident Detection and Notification System Using AWS Developed an AWS-based Accident Detection and Notification System that identifies accidents and sends real-time alerts to emergency contacts. The system uses cloud services for rapid data processing and notifications, enabling quicker response and enhanced road safety.	05/2025
Health Monitoring and Weapon Detection with Emergency Alert Developed an AI and IoT-based solution for real-time weapon detection and health monitoring using Python and IoT Sensors. Enabled instant emergency alerts during security threats or medical emergencies for enhanced safety and rapid	02/2026

Certification

- **C Programming for Beginner-Mindluster**
- **Python for Data Science-Python for Data Science**
- **Front-End Development-HTML- Great Learning Academy**
- **Advance Technologies (ML, IOT, Deep Learning) -Edunet**

Internships

- | | |
|--|-----------------|
| • Embedded System Developer Virtual Internship | April-June 2024 |
| • Ethical Hacking Virtual Internship | April-June 2025 |
